

# SUPAGARD PROTECTION

 LEXUS  
CARE

# SUPAGARD PROTECTION MEANS YOUR VEHICLE'S APPEARANCE ALWAYS MATCHES ITS PERFORMANCE

Supagard defends paintwork against whatever the world outside throws at it, and from whatever those inside spill on it. No hard work required; just a quick wash or wipe and your car regains its showroom sheen.

The high-gloss finish that your car begins with is the result of ultra-modern painting technology – but conventional polishes actually remove a thin layer of paint. This hastens the oxidisation and deterioration of your car's paint surface.

Supagard Paint Sealant works in a completely different way. It forms a hi-tech microfilm that bonds to your car's paintwork, preventing the accumulation of grime and repelling ultra-violet rays, pollution and acid rain.

InteriorGard protects the carpet in your car by coating each fibre in a resinbased formula that shrugs off spillages or dirt. This invisible barrier reduces friction between fibres, prolonging the life of the materials while retaining their natural texture and appearance.

Leather Preserver\* protects leather interiors from soiling by dirt, spills, oily foods and denim dye. The invisible barrier moisturises the leather, prolonging its life without compromising the supple, natural feel of your upholstery. Leather wipes are provided as part of the Aftercare Pack which makes cleaning up any spills or soils much easier.

\*Optional extra, please ask your authorised dealer if desired or for further information.

# EFFORTLESS MAINTENANCE

Supagard is the most popular vehicle protection package in the UK and has been approved and recommended by Lexus (UK) for many years. Our team will treat your car with the professional application of Supagard. The resulting showroom finish is guaranteed for five years. All the hard work is taken care of - all you have to do is collect your car from your Lexus Centre. You can be sure that Supagard will preserve the optimum appearance of your car, enhancing its residual value should you choose to sell it.
