

StarGard Paint and Interior Protection.

Mercedes-Benz

Maintain your Mercedes-Benz's finish, inside and out.

StarGard paint and interior protection products help to maintain the appearance of your Mercedes-Benz.

Your Authorised Repairer will apply the treatment to help protect your car against exposure to environmental elements.

As part of the protection package, you will also be supplied with a StarGard After Care Kit with the packaging now made from recycled materials, which will help you maintain your car's finish.

- Applied by trained technicians
- Lifetime guarantee*

Exterior protection.

All StarGard products have been developed to withstand the environmental and climatic conditions thanks to technologically-advanced, paint protection treatments.

The tough polymer solution fuses and bonds to the paintwork leaving a high-gloss finish. It seals the surface forming a barrier against harmful acid rain, UV rays and atmospheric pollutants.

The paint sealant is professionally applied by your Authorised Repairer, helping to maintain the look and feel of your car.

Interior protection.

Fabric and Carpet Protection

StarGard Fabric and Carpet Protection coats the fibres of your fabric interior with a resin-based formula. By creating an invisible barrier, it reduces friction between the fibres, prolonging their life. This treatment helps to prevent staining from a variety of liquids including drink spills, whilst also preserving its texture and appearance.

Leather Protection

StarGard Leather Protection helps preserve, care for and protect the look of your leather seats. It also helps to prevent staining from a variety of liquids including drink spills. The molecular coating creates an invisible barrier which also helps to maintain the supple, natural feel of your leather whilst preventing drying out and cracking.

After Care products to maintain your Mercedes-Benz.

After Care: Fabric.

If your vehicle has fabric upholstery and you have had Fabric and Carpet Protection professionally applied, you will receive an After Care kit which contains the following products to clean and maintain your paintwork and fabric upholstery:
