

MAZDA PROTECT

INVISIBLE PROTECTION. INSIDE AND OUT.

THE PROFESSIONAL'S CHOICE

Mazda Protect exterior and interior protection products offer real value to both new and used car customers, keeping your car looking as good as the day you bought it and ensuring that your Mazda's appearance will always match its performance.

All of our professionally applied products are guaranteed for the lifetime of ownership of your vehicle subject to Guarantee Conditions.

EXTERIOR PROTECTION

Our advanced paint sealant has been professionally applied to vehicles throughout the UK for many years and protects your vehicle's paintwork from the harsh environment that surrounds it – acid rain, ultra violet rays, atmospheric pollutants, road salt and many other causes of fading and damage, plus protection from tree sap and bird lime for up to 7 days.

- Your car's paintwork is treated with a highly durable hydrophobic coating that bonds to the paint and forms a tough protective barrier with a high gloss finish.
- This keeps your car cleaner for longer and protects your paint from the worst that the elements can do - no need to wax or polish, all you have to do is wash the vehicle.
- Once applied, it gives guaranteed protection for new and used cars.

INTERIOR PROTECTION

FABRIC PROTECTION

InteriorGard coats each fibre of the fabric with a resin based formula which won't wash out.

- This product prevents spills of coffee, tea, milk, soft drinks, juices, water and other similar liquids from permanently staining your fabrics and carpets.
- The dirt can be either vacuumed or wiped off with a gentle cleaning solution.
- The invisible barrier helps reduce friction between the fibres, prolonging their life, allowing the fabrics and carpets to retain their texture and appearance.
- Once applied, it's there to stay - and that's guaranteed.

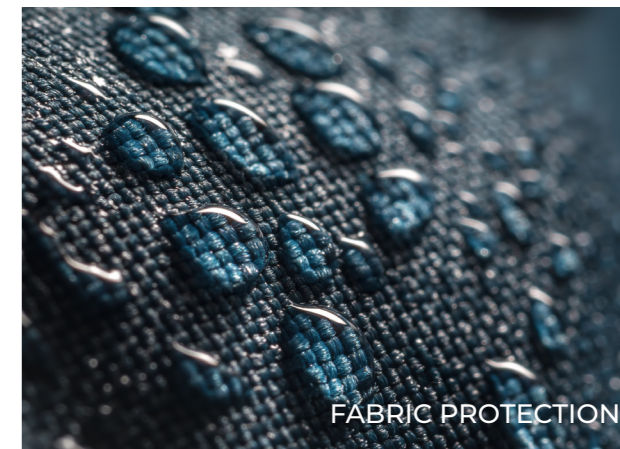

LEATHER PROTECTION

For vehicles with a leather interior, our Leather Preserver formula guards against oil and water based staining aswell as dye transfer from clothing, without damaging the leather's supple and lustrous feel.

- Guaranteed protection for new and used cars – a UK first.
- Prevents oil and water based surface soiling.
- Spills clean up quickly and easily.
- Dye transfer from denim and other clothing simply cleans off.
- Leather stays looking clean, supple and natural.

AFTERCARE

After our trained technicians have professionally applied our protection to your car, we provide you with a selection of aftercare products to keep your car gleaming. With so many forms of wax and polishing products on the market, it makes sense to use car care products that will complement your protections showroom finish.

Our comprehensive aftercare range has been specifically designed to give you all the car cleaning and car detailing products you'll require to keep your car in pristine condition. You can wash your car as often as required, safe in the knowledge that our aftercare products are fully compatible with our paint, interior and glass protection systems.
